CLASSROOM COURSES

We are running our classroom training courses at key regional locations across the UK. We are still taking precautions regarding Covid-19 and we have numerous measures in place at all of our venues to help protect our customers and trainers. Please see the precautions we are taking concerning coronavirus [here](#).

LIVE ONLINE TRAINING

Many of our courses are now also available online. Our virtual classroom is fully interactive, with a live trainer taking you through the course just as they would in the classroom.

IN-HOUSE TRAINING

All of our courses above are available in-house. This can be offered on-site where the trainer delivers the course at your premises or as live online training where the trainer delivers the course in a virtual classroom. If you have not yet found a course that meets your requirements, we also offer several additional courses available in-house only.
