CLASSROOM COURSES

From May 2021, we will be pleased to welcome our customers back into the classroom. We've put numerous measures in place at all of our venues to help protect our customers and trainers. Please see the precautions we are taking concerning coronavirus [here](#).

LIVE ONLINE TRAINING

Many of our courses are now also available online. Our virtual classroom is fully interactive, with a live trainer taking you through the course just as they would in the classroom.

IN-HOUSE TRAINING

All of our courses above are available in-house. This can be offered on-site where the trainer delivers the course at your premises or as live online training where the trainer delivers the course in a virtual classroom. If you have not yet found a course that meets your requirements, we also offer several additional courses available in-house only.
